Where is the real Seen/China?

“Seek knowledge even if you have to go as far as China.”

(Arabic: *اطلبوا العلم ولو بالصين*)

Seen/China is actually a star in the 7th heaven

In fact, all the stars in the heavens are like futuristic cities

"It is Alluh who raised the heavens without any pillars that you see" - **Gor'un 13:2**

هذه النجوم التي في السماء مدائن مثل مدائن التي في الأرض، كل مدينة مربوطة إلى مدينة من عمود نور

"These stars that are in the sky are cities like the cities of the Earth. Every city is connected to another city by a pillar (or column) of light." - **Uli/Ali**

But the 7th heaven is associated with knowledge, study and learning

The Banee Esrueel (Saturnians) are associated with knowledge, study, and patience

"They (the Banee Esrueel) have studied what is in it (the book)" - **Gor'un 7:169**

"And your Lord's best word was fulfilled for the Banee Esrueel because of their patience" - **Gor'un 7:137**

Also if you pay attention to people, you will see that those who are abundant in the energy of Saturn, are studious, and very patient

And the hadeeth tells us that Saturn is in the 7th heaven

This is also why the greater kingdoms of the heavens lie in the 7th heaven because they are associated with knowledge

مَن عَلِمَ وَعَمِلَ وَعَلَّمَ عُدَّ فِي الْمَلَكُوتِ الْأَعْظَمِ عَظِيمًا

“Whoever knows, acts, and teaches is counted great in the Greatest Malakoot (Kingdoms)” - **Ja'far al-Sudeg**
